A. H. YORK,

Petition Chairman Holt County.

THE American Adding Machine

The latest Adder

Costs but \$35

See our exhibit—ask for 10 day' trial

Here is a new price on a competent Adder. On a machine that is rapid, full-size and infallible.

The very latest machine, built by men who know, in one of the largest metal-working shops.

It is an individual Adder, to be placed on one's desk, close to one's books and papers. To take the place of the central machine requiring skillful operators.

It is also intended for offices and stores where costly machines are a luxury.

The price is due to utter simplicity and to our enormous output. Seven keys do all the work.

Each copied number is shown up for checking before the addition is made.

The machine will add, subtract and multiply. With very little practice anyone can compute a hundred figures a minute. And the machine never makes mistakes.

Countless offices, large and small, are getting from these machines the highest class of service.

Now we make this offer so that offices everywhere may learn what this machine means to them.

Ten Days' Test

We will gladly place in any office one American Adder for a ten days' test.

There will be no obligations, and charges will be prepaid.

Compare it with any non-lister—even the costliest. Let anyone use it. See if any machine can serve better than this.

Just send this coupon and we'll send the machine.

J. H. HIBER, O'Neill, Nebraska:

Please send us an American Adding Machine for ten days' free trial.
